

WOW! Grease & Waste Digester

WOW! Grease & Waste Digester is an EPA-dfe certified bio-enzyme cleaner designed for use in floor drains, sinks, toilets/urinals and beverage towers. WOW! Grease & Waste Digester can also be used in sinks and floor drains where it eliminates the organic build up ridding the drain of the source of clogs, smells and food for insects. In beverage towers, it will allow for enzymatic digestion of residual syrup and sugars in the drain lines eliminating clogs, odors and food for insects.

Features and Benefits:

- EPA-dfe certified, non-toxic and 100% natural biodegradable organic ingredients
- Bio-enzyme product
- Contains no solvents, bleach, alcohol or harsh chemicals
- In liquid form, a thicker formula coats the side of the drain lines and continues to work after application – does not cause additional clogs caused by “binding” agents used in tablet or powder treatments
- Packaged in a 4 ounce pack which allows for exact measurement and no over usage

How to use:

For best results, use at night or off hours. Do not mix the product with other chemicals.

Floor Drains and Sinks:

- Pour directly into drains:
- Four (4) ounces (1 packet) for slow drains
- Eight (8) ounces (2 packets) for stopped drains
- Use daily until drain lines are clear

Toilets/Urinals:

- Pour One (4) ounce (1 packet) directly into toilet/urinal

Beverage Towers:

- Pour four (4) ounces (1 packet) into drain lines twice per week
- Allow formula to work for five (5) minutes
- Flush drain lines with one quart of warm water
